

WEALTH OPTIONS

We are delighted to announce that **Wealth Options** have renewed their **main sponsorship** with a very generous donation to our **Club Development Fund**. We are extremely grateful to **Eanna McCloskey** and his team for this support which makes what we do, and what we are planning, more possible.

‘Wealth Options are delighted to continue our long association with St Peters GAA Club. We are also pleased to be able to support the current club development programme as this programme will ensure that the club can properly cater for the future generations in Dunboyne. We recognise that the unsung heroes of the Club are the men and women who volunteer on a daily basis to keep our young people engaged in sport and part of a community for life. We wish all the Club teams continued success for the rest of the season.’

Joe Murray

Club stalwart (& legend) for over 60 years

“I have been involved with St Peters for a long time and have seen it develop from very humble beginnings into what it is today with the effort and support of so many over this time. I’m so proud to see a new generation write the next exciting chapter in our journey as a Club”
